## PROMISING ECO SOLUTIONS

### SOLDERING FUME EXTRACTOR

**A**pzem soldering fume extractors for the fumes control from the electronic industries. It is compact and highly productive. It has to quiet operation, convenient mobility, and high efficiency. It is specially made for soldering purpose. Apzem soldering fume extractor that absorbs soldering fumes in the air by passing them through a multi type filtration media.

#### Features

- Highly portable and light weight
- Reliable
- Low maintenance operation
- Quiet Operation
- No tools required to change filters
- Sturdy construction
- Compact design
- Dual inlet gives dual point capturing

#### Applications

- Soldering work stations
- Laser applications
- Hand soldering
- Machine soldering
- Gun soldering
- Wave soldering
- Selective Soldering
- De-soldering
- Soft Soldering
- Silver Soldering
- Lead Free Soldering

# SOLDERING FUME EXTRACTOR

## Specification

BASIC DETAILS		FX200_2 (DUAL INLET)
Rated Air Flow At Inlet (CMH/CFM)		382/225 X 2
Overall Dimensions (L X W X H)		465 X 410 X 760 Mm
Machine Weight (Approx.)		35Kg
Motor Power		135 Watts
Motor Speed		2650 Rpm
Power Supply		Single Phase / 50Hz
Rated Current		0.6 A
Noise Level		<75 Db
Inlet Size		100Mm X 2

## Specification - Filter

Filter Surface		3.55 Sq.mm / 38.43 Sq.ft
Type Of Filter	Cartridge Filter	Cartridge Filter
Filter Media		Non Woven Needle Felt Polyester

## Optional Accessories

OPTIONAL ACCESSORIES OF FX200_2	
FX200_2-01	ESD ARM WITH ARM ADAPTER (2 NOS)
FX200_2-02	NON-ESD ARM WITH ARM ADAPTER (2 NOS)
FX200_2-03	TABLE MOUNT AND ESD ARM (2 NOS)
FX200_2-04	TABLE MOUNT AND NON-ESD ARM (2 NOS)
FX200_2-05	FEXIBLE HOSE

Arm With Adapter

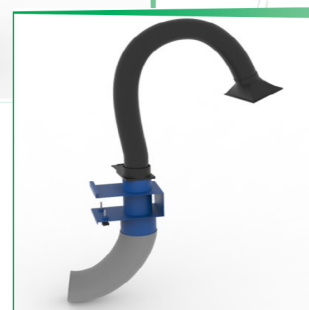

Table Mount & Arm
